- Django, MySQL, Rest API, Git
- Bootstrap, Oracle Apex, PostgreSQL

## Soft Skills

- Analytical Skill, Problem Solving
- Communication, Team work
- Computer skills, Leadership skill

## Interests

- Soccer, Softball, Golf & Reading

# CAPACITI

I've honed my software development skills at CAPACITI, where I've built websites and applications. I know how to do formatting and styling with HTML and CSS, interactive tasks with JavaScript, backend operations with Node.js, dynamic user interfaces with React, and diverse development activities with Python. My ability to design solid, scalable, and user-centered digital solutions is made possible by my vast knowledge.

## Education

- Walter Sisulu University
- St Patrick's Senior Secondary School

## Work Experience

- Capaciti UVU Africa, Fullstack Software Development Training
- 4IR, Software Development Internship
- CSIR, Cybersecurity
- Rutilogix, Software Development Training

## Achievements and Key Projects

- Consulting website (<https://binarybrainsconsulting.netlify.app/>)
- CommobidityApp (<https://sites.google.com/view/online-appointment/home>)
- Chat App (<https://chat-app-seven-delta-15.vercel.app/>)
- Laptop Finder website (<https://laptop-finder-dun.vercel.app/>)
